Diego Ripley
Founder, Data for Canada
diegoripley@dataforcanada.org

Dear Mr. Ripley,

Thank you for your thoughtful letter introducing the Data for Canada project and for sharing the public-interest rationale behind your work. We appreciate your commitment to improving data accessibility, preservation, and usability for Canadian researchers, civic technologists, and community organizations.

As requests and inquiries under the Access to Information Act and the Privacy Act are administered centrally within our institution, I am referring your message to our Access to Information and Privacy (ATIP) Coordinator, who is responsible for the processing and management of such matters in accordance with Treasury Board Secretariat policies and guidance.

Please direct any further information or questions to:

Pierre Desrochers
ATIP Coordinator
Statistics Canada
(613) 894-4086
atip-aiprp@statcan.gc.ca

Our ATIP office will follow up with you directly. Thank you for your attention.

Sincerely,

André Loranger
Chief Statistician of Canada
Statistics Canada
